## From the Baron and Baroness:

### Greetings from Contarina and Wolfgang

Last year ended with the very enjoyable Christmas break-up, where we enjoyed a great variety of good food, good company and gifts for all. Now another year begins. Over the Christmas break, much of the State of Queensland suffered terrible flooding: we are thankful that, as far as we know, the SCA in Queensland was only lightly affected. Nonetheless, some members were hit hard and have lost property. One of the projects we will be asking for your help with in the months to come is to assist them in getting them back on their feet.

The first event of the year was Red and White, in Willoughby Vale. As usual, the Shire put a great deal of effort into decorating the event site and in welcoming everyone. The food was excellent and we very much enjoyed ourselves - our thanks to Willoughby Vale for a great time and our congratulations to Sir Steffan Glaube and Lord Marcos de Valencia on becoming the Shire's champions - Lord Marcos won the rapier tournament whilst also fighting in the heavy list, having only authorised in the form that evening.

The Barony and the whole of the Northern Reaches have a packed schedule of events this year. Look for the event calendar on the Baronial

Website and in the River Haven Rag. We would like to thank in advance all those who have volunteered to run and to help run these events. Wednesday nights are full of interesting classes thanks to the enthusiasm of Lady Brigid and, of course, rapier and heavy training will continue as before.

We are looking forward to our Baronial Championship in March and to seeing many of you at Rowany Festival in April. Also, this year, it is River Haven's turn to host Great Northern War. We hope that many of you will be able to attend the premier event in the Northern Reaches and that you will volunteer to assist the steward team in some way - any help which you can offer will be greatly appreciated.

Following shortly after Great Northern War, Bacchus Wood will host Midwinter Coronation - we are sure this will be an excellent event and again any help which you can offer will be greatly appreciated.

In the more immediate future, we will be travelling to Stegby for their Day on the Green demo and we hope that as many of the populace as possible will also make the trip.

In service

Contarina, Baroness  
Wolfgang, Baron

It has come to our attention that some people are unfamiliar with the appropriate way to address a dispute with another member of the SCA. Thankfully, this unhappy circumstance is rare, but to remind those who already know, and inform those who do not:

Two main documents set out how to handle disputes in the SCA:

- Corpora of the SCA, Appendix A: Suggested Channels for Complaint and Appeal  
<http://sca.org/docs/pdf/govdocs.pdf>  
A good, plain English outline of the principles and procedures the Society encourages all members to use.
- The Laws of the Kingdom of Lochac, Section X:

### Dispute Resolution Procedure

<http://lochac.sca.org/laws/>

This sets out a three-stage process for resolving disputes and a fourth step in the event the first three steps are unsuccessful. Unlike Corpora, which offers guidelines, the Kingdom laws are required to be followed.

### An additional resource is:

- [Dispute Resolution](#) - how to manage and resolve disputes (extracted from May 2010 Lochac Procedures Manual), which is available at <http://lochac.sca.org/seneschal/docs/DisputeResolutionBlueBook.pdf>

## The Life of Moses Maimonides, a Prominent Medieval Physician

By Fred Rosner

*Einstein Quarterly Journal of Biology and Medicine*, Vol.19 (2002)

Abstract: Moses Maimonides was the most prominent Jewish medieval physician. His 10 medical treatises, all now available in English translation, show his humanism as a physician and emphasis on preventive medicine. In these works, one can see his treatment of the whole ill patient (i.e., body and mind or psyche and soma) and how that allowed him to be both a practicing physician and teacher. His medical writings confirm his knowledge of Greek and Persian as well as contemporary medieval medicine. His descriptions of many diseases such as hepatitis, pneumonia, diabetes, asthma, and many others are remarkably modern by current standards. His legacy as a physician, theologian, philosopher, and astronomer lives on for posterity. He was a physician of whom modern medicine would be proud if he were alive today.

### BF:

To the Honourable Lord Dimitrii Borodinski do I, Lord Wulfric Greycloak, send greetings this fine day. I do hope that this missive finds you and yours fit and well.

Burnfield is going fine this month. Our finances are stable and, apart from the rent on our hall being due, we have no outstanding debts. We are gearing up for the March Archery event with targets being made and some cleanup work on the site being done. Not much has happened on the training front due to the lateness of our return to the SCA year coinciding with the return to school, which most of our members have had to contend with. Otherwise, all is well.

Should you require any additional information, you can reach me at

[wulfpack5@gmail.com](mailto:wulfpack5@gmail.com) or 0458 429 833.

Thank you Your Lordship.

Yours in Service,

Lord Wulfric Greycloak.

### **Stegby:**

Greetings,

Stegby has been back meeting for a month now, our first two meetings of the year were held in various quarters as

our home base was turned into the Evacuation Centre for the region. Many of our members from the household Mynoth Cynorgy were directly affected by the flooding but luckily no major losses. We have also now moved base within the Slade Campus and although we can still hire our dining hall we have a classroom space to meet regularly. Discussions are taking place regarding finding a permanent home that has storage facilities for our Canton.

Unfortunately due to the flooding Dorothy and I were unable to attend LOTS which was very disappointing.

We have recently changed A&S Officer so now Rose Turner and Franc of Stegby are undertaking the role with Rose as the Officer and Franc as her Deputy. We have been busily painting banners and preparing for our Day on the Green.

Current regular attendance at meetings is at 16 here and 8 or 9 at the household meetings. Paid Membership according to the registry is sitting at 23.

The Canton presented gifts too their Majesties at the Red and White on the weekend. A gift of a beaded necklace for the Queen and an Axe with a cover showing the Kings Device were accepted by their Majesties.

Busy prepping now for Festival, still very unsure of what is going on and would appreciate assistance with a list of items needed for our encampment as we have never been as a group and the last time I attended the venue was very different.

Financial and A&S reports being forwarded as received.

### **Reeve's Report:**

Greetings,

I don't have a great deal to report on other than:

That we still have two outstanding cheques that yet to be cashed:

- 1 Warwick Show of \$100
- 2 The Kingdom & Membership Fees of \$99

Also with the assistance of Glynnis we have been doing a reconciliation of the last 2 quarters, not yet completed, but looking good.

Currently our Funds stand at \$11,993.22, not including the cheques stated above.

#### **Herald:**

I beg leave to report the following activity:

- Re-submission of Leonor de Alcocer's device (redrawn with one small change, as suggested by College of Heralds)
- Submission of name and device for Alicia Worrall (SCA name to be confirmed)
- Voice Heralding of Willoughby Vale's "Red& White Holi Day" (A Royal Event)

Nine Heavy fighters, including His Majesty Gabriel, and seven Rapier combatants, vied for the titles of Heavy and

Rapier Champion of Willoughby Vale. Round-robin tournaments were held, with the following results:

- Master Sir Steffan Glaube as Willoughby Vale Heavy champion
- Lord Marcos de Valencia as Willoughby Vale Fencing champion

It should be noted that Lord Marcos de Valencia authorised as a Heavy Fighter immediately prior to the tournament and competed in both, simultaneously. Despite the onerous burden he had placed upon himself, he competed with due honour and bravery to complete all rounds, without yielding due to exhaustion.

The acting herald of Stegby wishes to report the following:

- Name and Device Submission for Ulfr Smidr being prepared.
- Name submission for Dorothee Torr of Cornwall being prepared.
- Name and Device Submission for Ragnarr Olafsson is currently up for comment.

Given by my hand,  
Robin of Twyford

#### **Constable:**

Have a report from Burnfield & Stegby. All with indemnities being signed and getting ready for the new SCA year.

A&S forms are being signed and noticing a great number of members. I have noticed the last week or 2 that we have had a few bunya pine nuts fall from the tree next to the hall. They are large, heavy and spikey – I have tried to see if there are any more so please be careful around this tree...

Josseline

#### **Chronicler:**

The Rag was published in January. Quarterly report was sent to Kingdom Chronicler. Lots was excellent albeit to short. I had conversations with several communications officers and managed to get some guidelines.

As of today I'm calling for deputies and minute takers, in view that in July – August I'll be out of the country and someone must take the responsibilities.

I have almost completed a year of my tenure as a chronicler and would like more support from the other officers and the populace by writing articles, sending pictures and putting announcements etc.

As a communications officer I feel that I'm not taken seriously enough, everyone seems to put things on the lists or send e-mails that are sometime unclear. I have years of expertise editing and proofreading and as it happens my job is administration. It is not difficult to e-mail me and I can help to see if there are any details missing or the information is unclear before it gets published.

If anyone is having trouble with formatting of e-mails for distribution I'm offering my services and expertise, it might make things easier for everyone.

Chirurgion:

Greetings here is the first report for the year, I have had no injuries reported to me. I have passed on to Stegby one of the devices that I have had embroidered to show their Chirurgion, who is away at present. If they want to keep it they will fix me up at the next event. If any group wants an order of 12 or more I can supply the details to order direct if they so wish. Price would only vary with different material cost. I have 10 more for sale and will have them at the Baronial. I am happy for them to go to Festival. The cost is \$ 10 each. I and one of our other chirurgion's will check the 2 first aid boxes at the hall at the Baronial if they are available. I don't anticipate there being anything that should need replacement at this point. Could you please remind people to take precautions regarding the fact that there are lots of bitey things around and they might want to bring bug spray, or cream.

**Hospitallier:**

Greetings my Lord Seneschal:  
Its been very busy in the Hospitallier area. There were a few clothes hired out for Nov 2010. There has been 3 pieces of garb given to the Barony in the last week. There have also been 2 more pieces started for the Hospit room from the Sunday sewing day. One of the group suggested that the hall be available to sewing on the weekends. For the last 3 weeks ends on Sunday the hall has been open from 10.00 to 3.30 - 4 for people to come and sew items for their wardrobe and if they like they can sew for the Hospit. We do have 2 items of clothing happening at the moment that will be donated back to the hall. There has also been a nice grey cape for rapier fighting made on the weekend. Attendance has been slow but each weekend there is at least 4 to 8 people and they are doing various items. The internet enquiries about the group have been particularly busy. I have had 3 new enquiries in the last week. One of the enquiries has gone to B W because it is a better night for him and we wish him the best with them. There was another husband and wife group and they play music, Mat spoke to him and may have a little more info. There was another man who is interested in the Collegia but is not able to come this Wednesday 16/2/2011. There was also another lady from Canada interested in the Collegia and I have forwarded the details across to Tess who has made contact. There is also a big thank you to Allison and Michael who put up their hand to billet 3 of the Stegby people from Toowoomba for the Collegia.

BF: Report received

**Archery Marshal:**

Here is my Captain of Archers Report for February 2011.

OVERVIEW:

Archery related activities have resumed in the active dependent Cantons of the Barony.

1. River Haven Hall – Blunt Shooting has resumed at the Hall on Wednesday Nights. Blunts are still turning up on our doorsteps when we open on Wednesdays. Consultation with our Line Marshals has revealed no known losses of these Arrows during Evenings. All issued Blunts are returned at the conclusion of the nights shoots. We suspect that these may have been lost during last year's September Newcomers or borrowed after hours and are being returned piecemeal. Several of the New and Returning Members have enquired about Archery Training, and another Target Archery Course will be organized when the numbers firm up.
2. Canton of Burnfield. – Greetings Lord Longshanks, I Lady Ælfgifu have been holding the archery training sessions here in Burnfield this month to help Wulfric. Weather permitting we have had 7 people on a regular basis, ages five through to mid forty's. We have been busy making some new targets for our event in March. Two members have been making arrows from start to finish. We hope to have an IKAC shoot before the event.

Y.I.S

Lady Ælfgifu of Burnfield.

General Business.

The planned Sharps Archery Day on Sunday Feb 6<sup>th</sup> was cancelled due to un-availability of the Grounds. We suspect this to be Flood Related. I am attempting to make contact with the Host to enquire about continuation of the arrangements.

Sale of Blunts:

None have been sold this month.

Web Master:

Please accept my apologies for the baronial meeting. I have a parent/teacher meeting at prep.

Web wright report:

- contacts current
- events updated, will update timetable for collegia and a & s now they are out
- new baronial laws on 'about' page.

General Business:

Mat – Asking for money from Drinks funds to purchase another calendar for the hall. The Baroness responded that it was her job and she will get it.

Bec tabled the “Child Protection Policy” a copy to be held at the hall for perusal. Alicia made a point regarding clarification of certain point on this policy, Mat asked her to put down her thoughts in writing and e-mail him with it and he can then forward it to the policy makers for appraisal.

Aliquam dapibus ipsum vitae sem. Ut eget mauris ac nunc luctus ornare. Phasellus enim augue, rutrum tempus,

Bobby reported on the progress of the preparations for GNW and asked for funds to purchase stationery supplies, the Mat called for a motion for The Barony of River Have officially sponsor GNW 2011 and proposed that this Council approve the release the GNW Fighter Auction Funds to pay for the items that Bobby suggested, which

was bins, bin liners etc.none opposed, motion was carried out.

Tess, brought out a motion inspired by an e-mail from the Abbey Tournament Administration, calling for “drink stalls” that the Barony might be able to use it as a fundraiser. No decision was made, Mat asked to be notified if anyone was prepared to administer it and Susanna was prepared to investigate the legal ramifications and logistics. This point might be brought up in the next meeting if there are any takers.

Tess asked for money for supplies for the incoming collegia. Expenditure was approved.

Michael, has accepted the position of GNW Chirurgeon in charge and is calling for volunteers. Trevor and Christine have volunteered but they will only be utilised in administrative role due to mobility.

Jenny mentioned an amateur theatre group wanting to present a play:

Someone I know is running Carnivale Christi and wants to put on a play “Everyman” set in the late 15th century. She asked whether anyone in the group attend would be interested in doing the play (in full garb).

She said there will be some payment although she is not sure how much (depends on attendees I think!)

Can you let me know who to speak to?

I think it sounds like a good publicity opportunity as well.
